

Why ask for **GripmaX**

Virgin LDPE

"Hydrodare" pipes

Virgin LDPE has a higher crack resistance and longer lifespan.

Virgin LDPE is more flexible & ease to use.

Virgin LDPE is smooth, straight and true for faster flow rates.

Virgin LDPE has uniform ID / OD and wall thickness. Best for sealing tight.

Virgin LDPE does not smell / taste like recycled rubbish.

Virgin LDPE made to IS 134 specification with a UV barrier for long service life above ground.
